

Working Student Digital Sales Experience (m/f/d)

At Care Chemicals, we carry the passion to care. Our people stand as our most prized asset, and we cultivate a culture of compassion, support, and growth. Through this, we empower our team to excel both personally and professionally. United as one, we are dedicated to pioneering sustainable, digitized, and innovative solutions for a brighter future. Nourishing lotions, mild shampoos, protective sunscreens – these products, along with environmentally friendly detergents and high-performance cleaners, feature ingredients crafted by our Care Chemicals division. Our portfolio extends to plant protection solutions, technical applications in construction chemistry, raw materials for the coatings industry and digital services for our customers. Collaborating with global clients, we engineer innovative solutions with a growing emphasis on sustainable sourcing. Let's sketch a better future together!
